3. On the single-site page, you can:

- Print the site report by clicking the **Print/PDF** button
- Click the toggle buttons to see more information

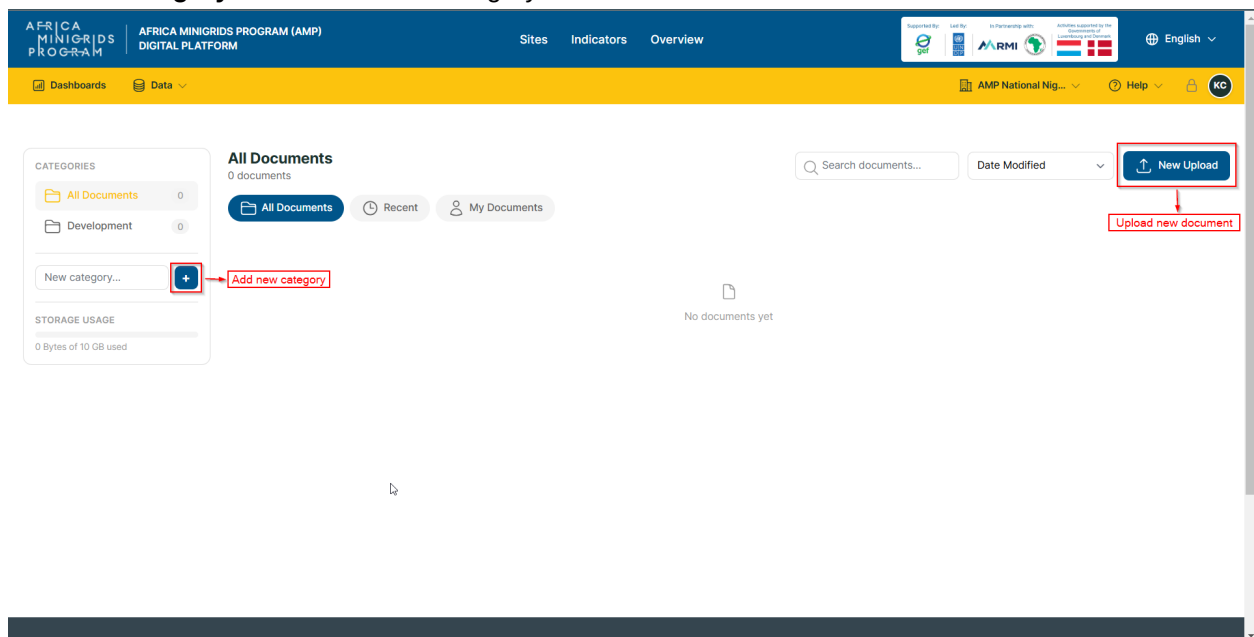

## Document Management

1. Click "Documents".

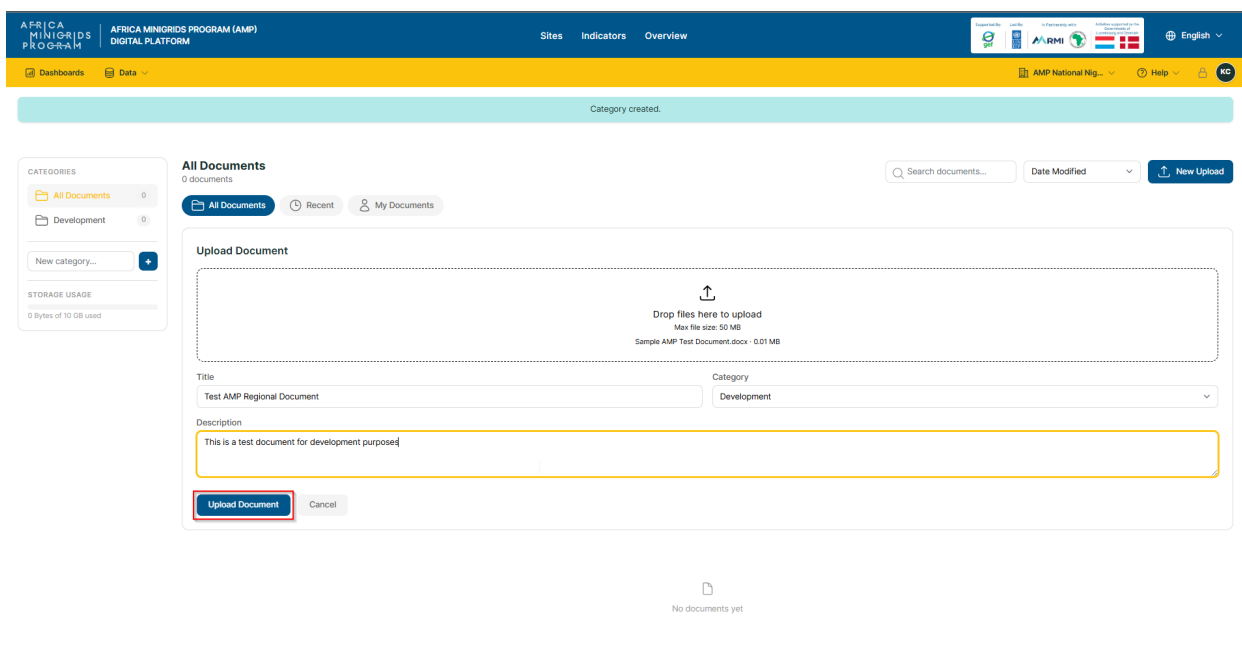

2. Click:

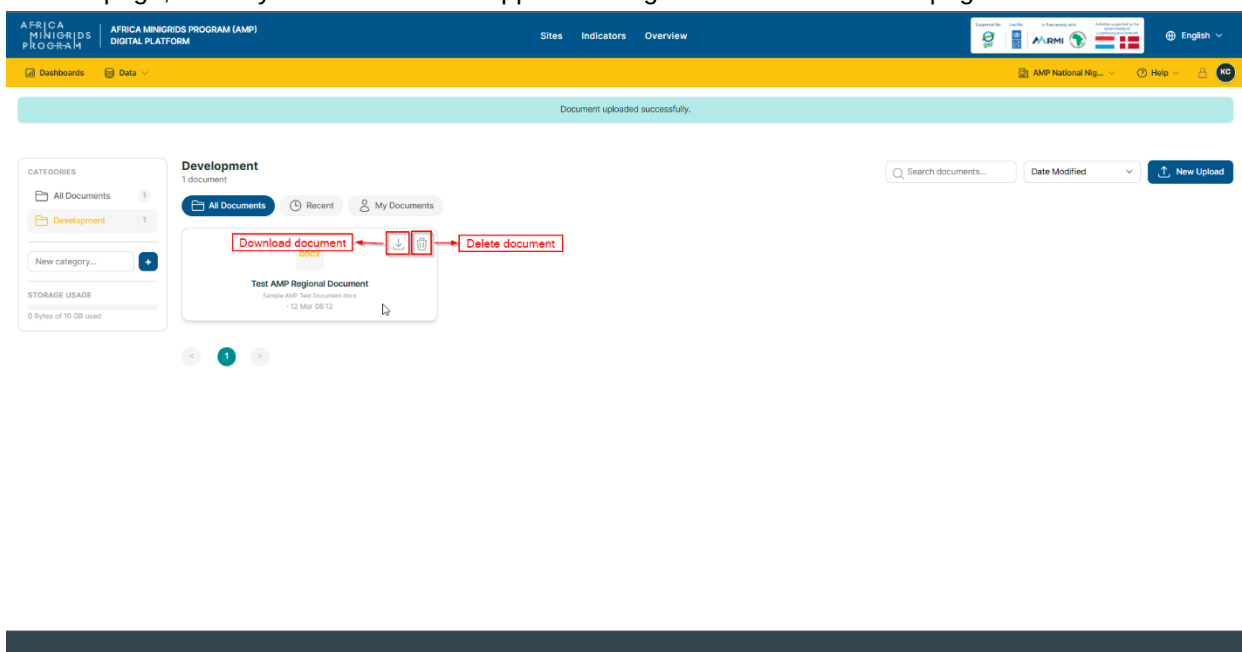

- **New upload:** to upload a new document
- **New Category:** to create a new category

3. Fill in the document form, then click **Upload Document** to submit the document and its details.

4. If the upload is successful, you will be redirected to the documents page, where your document will appear among the documents on the page.

5. On the documents page, you can hover over a single document and click:

- The **Download icon** to download a document
- The **Delete icon** to delete a document

## Indicators

1. Click Indicators to open the QAMF Dashboard of Indicators.

## Welcome

Favorite dashboards

2. On the Dashboard of Indicators, you can:

- Toggle categories by changing the QAMF categories
- Compare countries by selecting the countries to compare
- View historical evolution by clicking the Evolution button
